Greetings 4WRD:

We are just three weeks away from the Homeless Count. As you may recall, there are two ways to volunteer.

### 1. Los Angeles County-wide

- a. LAHSA is looking for 6,000 volunteers. You can choose a night and choose a region.
- b. Enter the portal here to volunteer – and please circulate far and wide

<http://www.lahsa.org/homelesscount.asp>

### 2. Hollywood – central core

- a. Hollywood 4WRD is assuming responsibility for this count of the key 25+ census tracts that make up our area
- b. YPI is coordinating this effort this year (yay!)
- c. We need 120 volunteers, and so far, only 30 have signed up
- d. Once we reach 120 – that will be capacity – so if you want to count in Hollywood, please sign up now before it fills up.

[REDACTED]

Given the count and how busy January is becoming, we will have our first Hollywood 4WRD meeting of the year in February – on February 9, at 3 p.m. Hold that date...and I look forward to seeing you on the 29<sup>th</sup>!

Hi Hollywood 4WRD family,

In preparation for this week's homeless count, I am attempting to bring our Hollywood 4WRD website up to date. We are going to encourage people who show up for the count to consult the website to find out other ways they can help or contribute or volunteer in the future.

We are creating a direct link between every active Hollywood 4WRD organization and their website.

I also will have a special section that says "Volunteer Opportunities"

The one that was there before is woefully out of date. Here is what I had:

### Volunteer

Below is a list of our partner organization and their respective volunteer coordinators. Please email them to learn more about how you can volunteer.

Social Services at Blessed Sacrament - *Nathan French* - Email: [nathan@thecenterinhollywood.org](mailto:nathan@thecenterinhollywood.org)

PATH - [pathvolunteers@epath.org](mailto:pathvolunteers@epath.org)

My Friend's Place - *Camilla Brannstrom* - Email: [cbrannstrom@myfriendsplace.org](mailto:cbrannstrom@myfriendsplace.org)

Hollywood First Presbyterian Church - *Amie Quigley* - Email: [aquigley@fpch.org](mailto:aquigley@fpch.org)

Please get back to me ASAP if you would like to list your organization for volunteers...and give me one or two sentences that describes what you need. Also, the contact person would be important as well. If you don't get this to me by Thursday, no worries. I just want to make sure I have accurate information up there for this week.

Friends,

I am passing along a pdf of the rough draft summarizing the day we spent together last April – and the recommendations coming out of the four breakout groups. This report is not yet ready for a broader distribution – and at tomorrow's meeting, I will enlist the help of a few of you to help me clean this up, and **identify three to five key recommendations** coming out of Hollywood 4WRD.

If you want to volunteer to help me get this ready for prime-time, I'll take the help.

For everyone who was at the retreat, please take a glance and see if there is anything that came out of your break-out group that might be missing or mis-represented.

I will not be printing this out for the meeting, so please make a copy for yourself.

See you tomorrow.

# HOUSING CALIFORNIA

## **In Less a Week, People Experiencing Homelessness Will Be Able to Access Free Birth Certificates**

Implementation of Assembly Bill 1733 (2014) Takes Effect July 1st

On September 29, 2014, Governor Brown signed Assembly Bill 1733 (Quirk-Silva, Maienschein, Atkins) into law. Under AB 1733, Californians experiencing homelessness, as defined further in the federal McKinney-Vento Homeless Assistance Act, are eligible to receive at no cost, a certified record of live birth or a state-issued photo identification card subject to several conditions.

Housing California sponsored this legislation and it enjoyed the support of more than 100 organizations around the state that understood how **access to identity documents is critical to connecting people with employment and housing opportunities, healthcare, and public assistance programs, among others.**

Housing California's leadership on the issue of access to identity documents led to policy director John Bauters being selected to serve on a national expert panel convened by the federal Substance Abuse and Mental Health Services Agency (SAMHSA). That panel is currently working to create a sustainable implementation guide for service providers and consumers nationally to help people experiencing homelessness better access and resource identity documents across the country.

## **July 1 Start Date for Birth Records/January 1 Start Date for State IDs**

Under AB 1733, the State Registrar and Department of Public Health (DPH) were required to begin accepting fee waivers for birth record fees on July 1, 2015. The Department of Motor Vehicles (DMV) is required to begin providing fee waivers for state identification cards on January 1, 2016. Housing California works not just to enact important legislation that helps people experiencing homelessness, but partners closely with the state agencies and departments charged with implementation to ensure that the process made available to consumers and service providers is usable and efficient. We would like to thank DPH and DMV for their tremendous partnership -- not only for their assistance during the legislative process, but also for soliciting and integrating our feedback during the administrative guideline process.

### **Birth Record Implementation**

Through a letter issued to California's 58 counties several weeks ago, the State Registrar provided each county recorder/assessor with affidavit forms and instructions for how to issue fee waivers to people experiencing homelessness in compliance with AB 1733. County recorders also received copies of the federal definitions of homelessness and an FAQ to help guide them in their administration of the birth record fee waiver. Below is a brief overview of the law as it pertains to obtaining a fee waiver for birth records. We will update this posting in the fall when the regulations from DMV for state-issued photo ID become final. In the meantime, following are the key things you need to know. **(Please Note: All of the information in this email will be posted next week on the Housing California website.)**

#### **1. When does AB 1733 take effect and what does it say?**

AB 1733 will take effect on and after July 1, 2015. The full text of AB 1733.

#### **2. Does AB 1733 only apply to birth records?**

Yes. AB 1733 is only for issuance of authorized live birth certificates.

**3. Can the State Registrar issue fee exempt copies of birth certificates?**

No, AB 1733 states only the local registrar or county recorder can issue, without a fee, a certified record of live birth.

**4. Who is eligible to request a fee exempt birth certificate pursuant to AB 1733?**

A homeless person or a homeless child or youth on behalf of themselves can make a request for a birth certificate, or any person lawfully entitled to request a birth certificate on behalf of a child, if the child has been verified as a homeless person or a homeless child or youth.

**5. Who is considered a homeless person or child or youth? How can the county verify an individual as homeless?**

View the definition of "homeless person" and "homeless child or youth." A child or youth refers to a minor under the age of 18 years. A homeless services provider, pursuant to Health and Safety Code (HSC) Section 103577(d)(3), is responsible for making the determination on who is considered homeless. County vital records offices are not responsible for verifying a person's homeless status. See number 6.

**6. What is a "homeless services provider?"**

- 1) A governmental or nonprofit agency receiving federal, state, or county or municipal funding to provide services to a "homeless person" or "homeless child or youth," or that is otherwise sanctioned to provide those services by a local homeless continuum of care organization.
- 2) An attorney licensed to practice law in this state.
- 3) A local educational agency liaison for homeless children and youth designated as such pursuant to Section 11432(g)(1)(J)(ii) of Title 42 of the United States Code, or a school social worker.
- 4) A human services provider or public social services provider funded by the State of California to provide homeless children or youth services, health services, mental or behavioral health services, substance use disorder services, or public assistance or employment services.
- 5) A law enforcement officer designated as a liaison to the homeless population by a local police department or sheriff's department within the state.

This information is included on the affidavit instruction page. No person or entity should verify homelessness unless they are specifically permitted to do so under AB 1733.

**7. How does a county recorder verify if a provider is legitimate? Are the counties responsible for verifying this information?**

Completed affidavits should be accepted at face value and processed the same as sworn statements, when applicants sign under penalty of perjury. In this case, the requestor and homeless service providers are swearing or affirming as to the knowledge of the facts on the affidavit.

**8. Can the providers charge a fee for verifying the status of a homeless person or homeless child or youth?**

No. AB 1733 states that providers may not charge a fee for verification of eligibility.

**9. If a homeless person was not born in the county of search can counties charge a search fee?**

No, counties may assist in searching for the record before the applicant makes a request.

HSC Section 103575 provides that the state or local registrar or county recorder may, without a fee, verify date and place of birth, when the applicant presents sufficient information to identify the birth record. The homeless applicant should then contact the appropriate county to obtain the birth record.

**10. Can someone make a request on behalf of another homeless person?**

Yes, as long as the person is considered a homeless child or youth. A person (i.e., parent, guardian, legal guardian, grandparent, brother, sister, or government agency) other than the registrant may request a copy of a birth certificate on behalf of a homeless child or youth as long as they are lawfully entitled.

**11. Can county vital records' staff order a birth certificate on behalf of an applicant?**

No, the requestor must be the homeless person or homeless child or youth, or someone lawfully entitled to request on behalf of a homeless child or youth. However, counties may assist in providing information about the process.

**12. How may an applicant submit a request for processing?**

The best method would be to submit in-person at a local county office and a county official may take a statement sworn under penalty of perjury (HSC Section 103526).

**13. Can an applicant order multiple certificates?**

A person applying for a certified record of live birth is entitled to only **one** birth record per application for each eligible person verified as a homeless person or a homeless child or youth.

**14. How may a homeless individual obtain notarization for the required sworn statement if he or she cannot afford the notarization fee?**

The notarization is a statutory requirement, homeless services providers will need to assist applicants with this requirement. County offices will not be able to assist, unless the applicant makes an in-person request in the same county as they were born. A homeless applicant may appear in-person at a local county and a county official may take a statement sworn under penalty of perjury.

**15. Should county offices stamp birth certificates, "For Government Use Only?"**

No, typically a homeless person, or homeless child or youth applicant would need to request a certified record of live birth for use in obtaining benefits and identification. Stamping "For Government Use Only" will limit the use of the certificate and will not be beneficial to the requestor or for the purpose of this legislation.

**16. Is there a timeframe limit for an applicant to apply for a birth certificate after receiving the verification from the provider?**

A timeframe limit is not addressed in the bill and the counties should not enforce one.

**17. Is the original signature required for the affidavit?**

HSC Section 103526(a)(1) states: "If the State Registrar, local registrar, or county recorder receives a written, faxed, or digitized image of a request for a certified copy of a birth, death, or marriage record pursuant to Section 103525 that is accompanied by a notarized statement sworn under penalty of perjury, or a faxed copy or digitized image of a notarized statement sworn under penalty of perjury, that the requester is an authorized person, as defined in this section, that official may furnish a certified copy to the applicant pursuant to Section 103525."

**18. What are the guidelines for out of state requests?**

The guidelines are the same as in California requests, but they must be born in California to benefit from AB 1733.

Thank you to everyone who supported AB 1733. We look forward to sharing success stories of individuals whose lives were changed simply from being able to access identification documents. We will also bring you more information as the January 1 roll out of the state ID piece approaches.

Friends, a new movie about homelessness starring Richard Gere and a great supporting cast (Buscemi, Vereen, Sedgewick) called "Time Out of Mind" is coming to theaters Sept 11, specifically The Landmark in West LA (Westside Pavillion), and it opens in Pasadena at Playhouse 7 on 9/18.

I attended a screening of the film, and I was overwhelmed. I think it is a work of genius. No judgment, no solutions, no preaching—just "three (or so) days in the life" of a homeless man in New York, from the perspective of an observer (lots of shots thru windows, in reflection, etc.), with great portrayals of those trying to help in various capacities, and those affected—the film just moves you by showing a slice of a hard life.

I sincerely think you will love this movie, be moved by it, think about it a lot after, and find it inspiring. I encourage you to attend, you will not be disappointed.

Just had to share with you!

Home For Good Partners,

The County of L.A., City of L.A., LAHSA, and Home For Good are embarking on a collaborative planning process from October-December. The purpose of this process is to develop coordinated and complementary LA County and LA City strategies to combat homelessness, in support of our broader effort to end homelessness throughout the region.

To that end, we have identified 9 focus areas that are central to this work. For each of the 9 focus areas, we will host two strategy sessions ("Policy Summits") to solicit input from experts on those topics. The ideas and input generated in these sessions will then inform the broad set of County strategies for consideration by the LA County Board of Supervisors, and City strategies for consideration by the LA City Council and the Mayor of Los Angeles.

Please see below for information on the 9 focus areas. We are looking for experts in each of these areas, and we have capped the participation in each session at a total of 25 attendees, as we want to ensure productive dialogue. Participants in the strategy sessions will include representatives from L.A. County, L.A. County, LAHSA, and Home For Good community partners. If you wish to participate, **attendance is required at both sessions** on a given topic.

**Please RSVP here for any of the 9 focus areas:** <https://www.surveymonkey.com/r/PolicySummits>

We ask that you not distribute this invitation widely, but if there is another staff person from your organization that has expertise on any of the 9 topic areas, please feel free to encourage them to RSVP.

Given limited space, we may not be able to accommodate everyone as a participant in these sessions, but there will be an online and in-person public comment option. The participation slots for Home For Good community partners will be allocated on a first come, first serve basis.

We look forward to partnering with you.

Dear Friends,

We are looking to hire an Office Administrator at Gettlove. As you know, Gettlove is near and dear to my heart. We have built a wonderful community of staff and clients and are excited to be adding an individual who will manage the day-to-day administration of the Gettlove office. I would be grateful if you could share the attached job description with your contacts and send good candidates our way.

peace and love

Greetings Hollywood 4WRD,

I know many of us suffer from donation fatigue, but if anyone is in a position to support the Hollywood 4WRD team in even a small way this weekend, it will be greatly appreciated. The support has really dropped off this year, as you can see from below, in the past, we have typically raised \$5,000, and this year, as of yesterday, we were at \$580.

Three of us from the BID are walking -- Steve Seyler, Joe Salazar and myself. This money is matched dollar for dollar by the Hilton Foundation, and funds do come back to Hollywood, particularly to support the Coordinated Entry System, which is housed at the Center.

Here is the link -- appreciate your support -- 100 percent of these funds go into homeless related services geared toward permanent housing:

I know that other members of Hollywood 4WRD also have teams -- and if you want to support these as well, that would be terrific. It all goes into the same pot.

See below:

The Center

PATH

Housing Works

There may be others that I couldn't find.

Subject: HomeWalk Update, Hollywood 4WRD

Hi Kerry,

I hope all is well and that you are having a good week. I wanted to reach out and congratulate Hollywood 4WRD on its HomeWalk fundraising: as of yesterday morning, your team is at \$420. As you know, these dollars will be invested into the community to end homelessness, and further leveraged through the Home For Good Funders Collaborative. This year, the Funders Collaborative coordinated over \$8M in private resources and \$272M in public resources, for a total of \$280M to house thousands of Angelenos. Next year, we hope to increase those numbers, with a sharp focus on ending chronic homelessness by the end of 2017 and maintaining veteran homelessness at zero. We need every resources possible to achieve these goals.

When we looked at the historic HomeWalk numbers, last year your team raised over \$5,000. This year \$5,000 raised unlocks \$5,000 in matching funds from the Conrad N. Hilton Foundation, for a total of \$10,000 ([http://homewalk.unitedwayla.org/2015\\_hilton\\_challenge\\_teams](http://homewalk.unitedwayla.org/2015_hilton_challenge_teams)). Please let us know if there is any way we can help your team unlock this match. It would go an incredible way to helping us reach our HomeWalk fundraising goal and bringing all of our homeless neighbors home for good.

See you on Thursday.

Best,  
Zahirah

Greetings Hollywood 4WRD,

See email below from LAHSA. This is a very important part of the process in preparing for the January homeless count. There are parts of the Hollywood area that may not have been fully counted in the past, due to safety concerns for the volunteers. LAHSA is trying to anticipate these "hot spots" and can make arrangements to have a law enforcement escort or other supports, in order to ensure we have the most accurate count possible.

Can I count on someone knowledgeable about the hot spots in our community to attend this meeting on our behalf? This would most likely be someone involved in street outreach, youth outreach or law enforcement.

Also, if you have specific input about nooks and crannies of our area that could be considered hot spots, please communicate directly with Jon Hans – his contact information is below.

Hi Kerry!

Hope this finds you well. Can forward this email to everyone you think it would apply to at Hollywood 4WRD? These mapping sessions are a great resource for everyone involved and we have a great GIS mapping guy on staff who will distribute maps to everyone in attendance. Here's the info below-

**This event is taking place November 24th from 10-12 at 811 Wilshire Blvd., 6th Flr. Conference Room 1, Los Angeles, CA 90017.**

Good Afternoon,

As part of the planning and coordination of the 2016 Homeless Count, LAHSA is organizing Hot Spot Mapping and planning sessions within each Service Planning Area. The purpose of these sessions is to identify and inform areas that we know to be densely populated with people experiencing homelessness and to identify areas that we know might be safety concerns whether it be environmentally or otherwise. We are asking for known locations for these within each respective SPA.

After the session, all of the information and data provided will be compiled and mapped by LAHSA's GIS team and then disseminated out to all who participate. This process will serve to inform planning around the count in your area to make this year's count the most successful event yet and to lay the groundwork for future years as we move to an annual count.

The details for the meeting are below. If you have any specific questions, please reach out to your Regional Coordinator, Jonathan Hans [\[REDACTED\]](#)

Thank you in advance! We hope to see you there!

Jonathan Hans

Greetings friends,

It has been a busy year, and though we have not had a formal 4WRD meeting since July, I know we have all been very busy and tending to a number of smaller meetings continuing to advance our collective work here in Hollywood.

However, as the new year is launched, we have a few things to collaborate around as a group. Please hold this date:

**Monday January 11, 2016**

**3 - 5 p.m.**

I am looking for a location. We are moving the BID office to a storefront on Hollywood Blvd that does have a conference room; I just want to get a feel for capacity before I commit.

Items for discussion in January will include:

1. Preparing for homeless count on Jan 28
2. YPI proposal for a Hollywood Homeless Connect Day in April (\*\* p.s. if you have a potential location for a Connect Day site, please email Jessica Wackenhut at [jwackenhut@ypiusa.org](mailto:jwackenhut@ypiusa.org))
3. Homeless Citation Clinic scheduled at FPCH on 1/20/15
4. Update on Hollywood Top 14 and related meetings relative to conservatorship process and systems change discussions
5. DMH outreach programs
6. Hollywood Winter Refuge

Please email me any other issues you would like discussed in January.

Have a restful and joyful holiday season!

Kerry

Hi friends, I heard at the LAHSA meeting last Friday that only 11 percent of the necessary volunteers for the Jan homeless count have signed up.

Led me to realize that I haven't volunteered yet – and likely many of you haven't as well.

I just registered on the LAHSA website, and found it to be very well organized this year. There is a way to specifically volunteer for the Hollywood deployment site, and so far, only 32 people have signed up. The way it will work this year is that if this deployment site fills up, you will have to volunteer for another community. So, if you have your heart set on Hollywood, please do so before the new year, to guarantee a space.

<http://www.theycountwillyou.org/>

Happy holidays to everyone – and I look forward to seeing you in the new year. Remember that we have scheduled a Hollywood 4WRD meeting for Monday January 11 at 3 p.m.

Happy new year!

Kerry
